

Pond Action 2019

Free wildlife pond training from The Footprint Trust.

Over the winter we've been working in primary school ponds rights across the Island; creating some, while clearing and enhancing others as needed. This Southern Water supported project continues with an opportunity for you to learn more about how to manage ponds successfully for wildlife!

Creating a new pond

Pond Life

**Saturday
29th June
10 - 3pm**

What pond plants to avoid?

- ❖ Book your place to learn more about wildlife in ponds.
- ❖ Maybe help with your child's school pond!
- ❖ Includes a 'How to Care for your Pond' seasonal guide leaflet.
